Bridging the digital divide: libraries driving access to knowledge

Ellen R. Tise, IFLA President

18th BOBCATSSS, Parma, Italy, 25 January 2010
Introduction

• How can libraries bridge the digital divide?
• Access to information
• Technology
• Information gap
Interpretation of the digital divide

- Dichotomy
- ICT
- Global Village
Challenges

- Role of libraries in the Information Society
- Benefits of ICT
- Cost implications
Solutions

• Digital inclusion

• Reconceptualising collection development
Conclusion
